General Overview

In the Blue Mountains there is a unique Wilderness Ranch that is set in an ancient valley surrounded by rugged majestic sandstone cliffs and ravines of the winding Cox's River. It is a serene and tranquil property with vast stretches of beautiful pastureland and pristine wilderness areas.

If you are staying at our Wilderness Lodge we like our guests to experience what makes our ranch in the Blue Mountains famous worldwide. Riding guests mount up on horses chosen to suit their riding skills and head off for a great experience. The rides ambles across the scenic property along the ridges of the escarpment. There you enjoy a lookout of superb views into the beautiful Blue Mountains National Park. At the end you will be treated to a selection of cold meats, salads, crusty bread, fruit platter plus wine or boutique Beer, water and soft drink.

Our rides are truly one of the most breathtaking in scenery to be ridden in Australia. They let you unwind and take in the isolation and remoteness unparalleled being so close to Sydney, it's hard to believe that it is only 90 minutes away.
